When you access the LCR file, just look at the tabs at the bottom of the page. There will be tabs for each new quarter, Jan 2017, Apr 2017, July 2017, etc. The next update will be Oct 2017. I have not been updating the primary list for quite some time now, but just adding tabs for each new quarter.

I am having issues accessing OneDrive from home. Look at the tabs on this file as it should have a new tab for each subsequent quarter, July 2017 is the last update and should have the new LCR exceedances.
